To Whom It May Concern,

This letter is in regards to an appeal of the USAC Certified – Out of Windows status for Rock Hill Local school District's E-Rate submission.

Applicant Name – Rock Hill Local School District
Billed Entity Number – 130025
Form 471 Application Number – 931788
Funding Request Number – 2546608, 2546609

The Rock Hill Local School District would like to appeal the Certified – Out of Window status or the above filling. As with most schools budget constraints I am the only technology person in our district which serves ~ 1500 students in three (3) buildings. Time was and is my enemy and I can be the only one to blame. I completed my E-Rate form 471 on March 18th but the deadline to submit was March 14th, missing the date by only a few days. Please do not punish our School and Students for my Tardiness and reconsider the decision to deny Funding.

Thank you for your time and attention to this matter, I will not miss the date again.

Sincerely,

Lloyd Bailey

District Technology Coordinator
